THE GEORGE WASHINGTON UNIVERSITY

SEAL OF THE COLUMBIAN COLLEGE

In 1819, the Reverend Luther Rice, Obadiah B. Brown, Spencer H. Cone, and Enoch Reynolds (all Baptist ministers) set in motion the reality of a college in the District. These men raised the needed funds to purchase land in the nation's capital, petitioned the Congress for a charter, and began organizing a college.

On February 9, 1821, President James Monroe signed the Act of Congress which created the College. By design of the Congress, a special provision was included which required that "persons of every religious denomination shall be capable of being elected Trustees; nor shall any person, either as President, Professor, Tutor or pupil, be refused admittance, or denied any of the privileges, immunities, or advantages thereof, for or on account of his sentiments in matters of religion."

The original seal was designed by James Peale in 1821, at the time of the founding of the Columbian College. This is the seal that the graduates are wearing today as medals. The seal features a Biblical lion lying down with a lamb and Greek text in an open book. The Greek translates to "In the beginning was the Word, and the Word was with God."

In 1873, the name Columbian College was changed to Columbian University and the seal was changed slightly to reflect this. The Latin text around the outside was changed from "Columbiani Collegii" to "Universitatis Columbianae Sigillum." In addition, some text was added to fill up the rest of the open book, since the Greek phrase only took up part of one page. In 1905, after the name changed to the George Washington University, the old seal was replaced by a completely new one.

The original Columbian College seal is currently on display in the Memorabilia Room of Gelman Library.

LETTER FROM THE DEAN

Paul J. Wahlbeck
Dean

Dear Graduates,

Congratulations! Today is a celebration of your hard work, dedication and growth as a scholar and as an individual. Earning your degree from George Washington University's Columbian College of Arts & Sciences is a major milestone, but more importantly, it's a steppingstone to new opportunities. You are now equipped with the knowledge, skills and perspective to make a difference—whether in your community, your career or the world at large.

During your time here, you were engaged in rigorous intellectual and creative pursuits, learning from—and collaborating with—our distinguished faculty, tackling tough questions and embracing new ways of seeing the world. GW's distinctive location, research and networking connections in the nation's capital and beyond enhanced those experiences in ways few other universities can match. It is my hope that these experiences have prepared you for whatever comes next, giving you the confidence to navigate the path ahead and the curiosity to continue to seek new knowledge.

You are graduating at a time of rapid change and complex global challenges. From advancements in technology that are reshaping industries to pressing political and socio-economic issues, the world needs thoughtful, informed, and engaged leaders now more than ever. The education you've received has prepared you not just to adapt, but to contribute—to bring fresh ideas and find solutions that make a lasting impact.

As you move forward, I hope you stay connected to the friendships, mentors and experiences that shaped you. You are now part of a strong and supportive alumni network, and no matter where life takes you, your ties to George Washington University and the Columbian College will always remain.

We also hope you'll stay in touch—through alumni events, campus visits, or simply by sharing your journey with us. Our doors are always open, and we look forward to hearing from you.

I offer my warmest wishes for a future filled with success, purpose and boundless opportunities.

Sincerely,

A handwritten signature in black ink that reads "Paul J. Wahlbeck". The signature is written in a cursive, flowing style.

2026 CELEBRATION SPEAKERS | FACULTY AND STUDENTS

12:00 pm

John Parel

B.A. In Psychological & Brain Sciences

John Parel majored in psychological and brain sciences and will matriculate into the GW School of Medicine and Health Sciences this fall. As an undergraduate student, he authored and co-authored seven research publications spanning oncology and orthopedic surgery in prestigious medical journals, including JAMA, and presented his research at national medical conferences. John served as an undergraduate teaching assistant for Organic Chemistry and as an ELSI leader for General Chemistry II.

Carsyn Parmelee

B.S. in Cognitive Neuroscience AND Psychological & Brain Sciences

Carsyn Parmelee majored in cognitive neuroscience and psychological & brain sciences, conducting research on LGBTQ+ mental health across multiple labs. She presented her research at academic conferences, received the Sigelman Undergraduate Research Enhancement (SURE) Award, and served as a study coordinator in the Goodman Emotion and Resilience Lab. After graduation, Carsyn plans to pursue post-baccalaureate clinical training before applying to doctoral programs in clinical psychology.

KEYNOTE SPEAKER

Reena Ninan

Founder, Good Trouble Productions

Reena Ninan, B.A. '01 (Political Communication), is an entrepreneur and former television journalist, and the founder of Good Trouble Productions, a media and strategy company that helps leaders shape narrative and drive impact. She is the creator and host of Ask Lisa: The Psychology of Parenting and HERO: The Hidden Economics of Remarkable Women. Reena has reported from the Middle East as a foreign correspondent before serving as a White House correspondent for ABC News and anchor of the CBS Weekend News. She frequently appears on CNN, where she provides analysis on global affairs and politics.

CHARGE TO THE GRADUATES

Danny Hayes

Professor of Political Science

Danny Hayes is a GW professor of political science whose research and teaching focus on the media, public opinion and elections. He is the author of three books and a winner of the Goldsmith Book Prize from Harvard University's Shorenstein Center. His work, which has appeared in numerous academic journals, has been supported by the National Science Foundation. He is the recipient of the Kenny Prize for Innovation in Teaching of Introductory Courses and has been named "best professor" three times by the *GW Hatchet* student newspaper.

3:30pm

Olivia Nippe-Jieakins

B.S. in Astronomy and Astrophysics

Olivia Nippe-Jeakins is an astronomy and astrophysics major, studying some of the universe's largest, most energetic events and the fundamental forces that govern the atomic nucleus. Her work resulted in several academic honors, including one of seven nationally awarded USRA Distinguished Undergraduate Scholarships, and she was actively involved in the GW Department of Physics and the broader physics community. In the fall, Olivia will pursue a Ph.D. in experimental nuclear physics with applications to astrophysics.

Grayson Lewis

B.A. in History

A history major, Grayson Lewis concentrated on early American History with a minor in Law & Society. Her honors thesis on Constitutional ratification and national identity received the 2025 Deixler-Swain Prize for best U.S. history honors thesis. She also revived the George Washington Historical Review, serving as editor-in-chief. Grayson currently serves as a curatorial intern at the Smithsonian National Museum of American History and is a research assistant for the George Washington Presidential Library

ROBERT W. KENNY PRIZE FOR INNOVATION IN TEACHING OF INTRODUCTORY COURSES

Sharon Roosevelt

Teaching Assistant Professor of Mathematics

Professor Sharon Roosevelt earned her Ph.D. in Physics from the University of Wisconsin-Madison and an M.S. in Applied Mathematics from Northwestern University. She joined GW's Mathematics Department in 2013 where she specializes in teaching a two-semester calculus course. Professor Roosevelt has created, designed and continues to run an undergraduate learning assistant program which utilizes corequisite discussion sections led by teams of peers to ensure students have opportunities for successful outcomes.

THE COLUMBIAN PRIZE FOR TEACHING AND MENTORING ADVANCED UNDERGRADUATE STUDENTS

Anna Kimmel

Assistant Professor of Dance, Director of Undergraduate Studies; Undergraduate Faculty Advisor; Affiliate Faculty of the Honey W. Nashman Center for Civic Engagement and Public Service

A member of the GW faculty since 2023, Anna Jayne Kimmel is an Assistant Professor of Dance at the Corcoran School of the Arts and Design, holding a Ph.D. in Performance Studies from Stanford University. She is invested in the intersection of dance and the legal humanities, with particular attention to race/coloniality, francophone histories, and bodily scrutiny. At GW, she is the Director of Undergraduate Studies for Dance and has advised student interdisciplinary theses, Luther Rice Research Fellowships, Undergraduate Research Awards, and students in the Enosinian Scholars Program. Professor Kimmel pursues community-engaged research in carceral studies, fostering collaboration with artists in confinement and serving as a restorative justice facilitator for alternative accountability programs in the wider DMV area.

EMERITUS FACULTY 2025 & 2026

The faculty code provides that a member of the faculty with long and distinguished service to the university may, upon retirement, be awarded emeritus status. While these words convey both the criteria and process for awarding this academic rank, they fail to connect fully with the countless students whose lives have been enriched by these colleagues, the contributions each has made to the discipline, or the service each has rendered to this college.

The celebration program is meant to be a guide to the ceremony. Although every effort has been made to ensure its accuracy, the program is not an official record of an individual's degree status. The Office of the Registrar of the university maintains the official list of all graduates.

NATIONAL COUNCIL LETTER

Dear Graduate,

Greetings! On behalf of the National Council for the Arts and Sciences, I offer my sincere congratulations on your significant achievement and welcome you to the George Washington University Alumni community. Do not underestimate your accomplishment and the opportunities that await you!

You are now a member of a select group of individuals, bonded by a college with which you will be proudly associated. As an alumnus of this historic institution, I fully appreciate the excitement of this very special moment in your life and remember that feeling well. I encourage you to remain involved and, more importantly, engaged with the university as you enter the next phase of your life. Your opportunities to make a difference are endless—from mentoring a student, to becoming an active member of the GW Alumni Association organizing regional and local alumni events, offering services as a career advisor or being a guest lecturer, and providing philanthropic support. Each of these types of engagement offers wonderful opportunities to continue showing support and your pride in the university. And, of course, passing on that GW spirit!

I have been fortunate to volunteer with GW in a variety of settings since my graduation. They include time as a member of the Alumni Association, my 20th and 25th Class Reunion Committees, the GW Black Alumni Association, as well as with the former Admissions Alumni and Parent Program (representing the university at college fairs and interviewing potential GW students).

In my current role as a member and chair of the National Council of Arts and Sciences (composed of alumni, parents, and friends who advise the dean of the Columbian College), I have the opportunity not only to keep abreast of the current issues and initiatives of CCAS and the university but also to bring real world experience to help shape the educational and professional needs of the next generation of GW Alumni. I hope you find similar avenues of engagement and opportunities to advance GW's promise and potential.

Finally, it is not lost on anyone that your time here has required significant personal dedication and financial commitment. We are grateful for your investment and hopeful that your degree will lay the groundwork for future success in whatever career you choose.

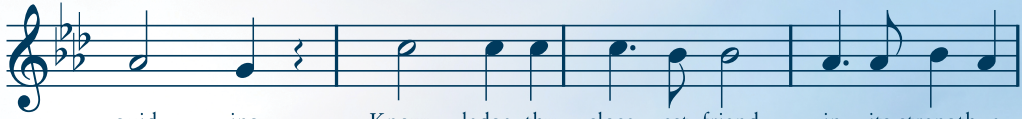

Again, congratulations! It is both an honor and a pleasure to welcome you as a graduate of the Columbian College of Arts and Sciences, and I hope to see you at a GW event soon.

Raise High!
