THE GEORGE WASHINGTON UNIVERSITY

SEAL OF THE COLUMBIAN COLLEGE

In 1819, the Reverend Luther Rice, Obadiah B. Brown, Spencer H. Cone, and Enoch Reynolds (all Baptist ministers) set in motion the reality of a college in the District. These men raised the needed funds to purchase land in the nation's capital, petitioned the Congress for a charter, and began organizing a college.

On February 9, 1821, President James Monroe signed the Act of Congress which created the College. By design of the Congress, a special provision was included which required that "persons of every religious denomination shall be capable of being elected Trustees; nor shall any person, either as President, Professor, Tutor or pupil, be refused admittance, or denied any of the privileges, immunities, or advantages thereof, for or on account of his sentiments in matters of religion."

The original seal was designed by James Peale in 1821, at the time of the founding of the Columbian College. This is the seal that the graduates are wearing today as medals. The seal features a Biblical lion lying down with a lamb and Greek text in an open book. The Greek translates to "In the beginning was the Word, and the Word was with God."

In 1873, the name Columbian College was changed to Columbian University and the seal was changed slightly to reflect this. The Latin text around the outside was changed from "Columbiani Collegii" to "Universitatis Columbianae Sigillum." In addition, some text was added to fill up the rest of the open book, since the Greek phrase only took up part of one page. In 1905, after the name changed to the George Washington University, the old seal was replaced by a completely new one.

The original Columbian College seal is currently on display in the Memorabilia Room of Gelman Library.

LETTER FROM THE DEAN

Paul J. Wahlbeck
Dean

Dear Graduates,

Congratulations! Today is a celebration of your hard work, dedication and growth as a scholar and as an individual. Earning your degree from George Washington University's Columbian College of Arts & Sciences is a major milestone, but more importantly, it's a stepping stone to new opportunities. You are now equipped with the knowledge, skills and perspective to make a difference—whether in your community, your career or the world at large.

During your time here, you were engaged in rigorous intellectual and creative pursuits, learning from—and collaborating with—our distinguished faculty, tackling tough questions and embracing new ways of seeing the world. GW's distinctive location, research and networking connections in the nation's capital and beyond enhanced those experiences in ways few other universities can match. It is my hope that these experiences have prepared you for whatever comes next, giving you the confidence to navigate the path ahead and the curiosity to continue to seek new knowledge.

You are graduating at a time of rapid change and complex global challenges. From technological advancements reshaping industries to pressing social and environmental issues, the world needs thoughtful, informed and engaged leaders now more than ever. The education you've received has prepared you not just to adapt, but to contribute—to bring fresh ideas, challenge the status quo and find solutions that make a lasting impact.

As you move forward, I hope you stay connected to the friendships, mentors and experiences that shaped you. You are now part of a strong and supportive alumni network, and no matter where life takes you, your ties to George Washington University and the Columbian College will always remain.

We also hope you'll stay in touch—through alumni events, campus visits, or simply by sharing your journey with us. Our doors are always open, and we look forward to seeing what you accomplish.

I offer my warmest wishes for a future filled with success, purpose and boundless opportunities.

Sincerely,

A handwritten signature in black ink that reads "Paul J. Wahlbeck". The signature is fluid and cursive, with a large, stylized 'P' and 'W'.

2025 CELEBRATION SPEAKERS | STUDENTS

12:00 pm

Cecilia Culver

B.S. in Economics and Statistics '25

2025 Distinguished Scholar

Cecilia Culver from Waukegan, Ill., is an economics and statistics major. Cecilia has interned for a number of financial institutions, applying her analytical skills to research and policy challenges; and was vice president of GW's Association for Women in Mathematics where she helped foster a supportive community for underrepresented students in STEM. She is a sister of the Delta Zeta chapter of Epsilon Sigma Alpha, through which she regularly volunteered at the Foggy Bottom Food Pantry. After graduating in December, Cecilia joined Ernst & Young's Quantitative Economics and Statistics group where she works at the intersection of data, economics and policy.

3:30pm

Quinn Stefan

B.S. in Physics, minor in Geological Sciences '25

2025 Distinguished Scholar

Quinn Stefan from Santa Barbara, Calif., is a physics major with a geological sciences minor. She received a Luther Rice Fellowship, a Francis E. Walker Fellowship and a Berman Prize for Experimental Physics for her research in nuclear physics working with Professor Axel Schmidt. Quinn has interned at the Thomas Jefferson National Accelerator facility in Newport News, Va., and the Irène Joliot-Curie Lab in Orsay, France, working on accelerator upgrades and detector design and software. As president of GW's Society of Physics Students, Quinn facilitated outreach events with local elementary school students. She is a member of the Physicists of Underrepresented Genders group and plans to pursue a PhD in physics at Duke in the fall.

**Distinguished Scholars are chosen by the CCAS Faculty Undergraduate Studies Committee.*

2025 AWARDS AND PRIZES

THE LUTHER RICE UNDERGRADUATE RESEARCH FELLOWSHIPS

Luther Rice Undergraduate Research Fellowships encourage and support research projects initiated by undergraduate students and performed under the mentorship of faculty sponsors.

Luther Rice Undergraduate Fellows:

Maxine Alexandre-Strong	Sydney Malia Clarke	Megan Susan Godshalk	Jamison Lu-Chung Shih
Ana Bella Arledge	MC Daubendiek	Seyeon Moon	Rory Cain Smith
Cole M. Christensen	Annabelle Ruth Derby	Nicole Alexandra Rangoussis	Quinn Stefan

UNDERGRADUATE STUDIES AWARD

The CCAS Office of Undergraduate Studies has launched its inaugural annual prize to an outstanding graduating undergraduate student. This award recognizes innovation and leadership in community service and/or activism and academic performance.

2024-25 Undergraduate Studies Awardees:

Valerie Elizabeth Chen
Delilah Brigitte Cruz

2025 AWARDS AND PRIZES

ROBERT W. KENNY PRIZE FOR INNOVATION IN TEACHING OF INTRODUCTORY COURSES

Nabila Hijazi

Assistant Teaching Professor of Writing

Nabila Hijazi teaches first year writing courses that explore the intersections of rhetoric, identity, policy and displacement, connecting students with real-world advocacy efforts through collaborations with nonprofit organizations in the DMV area. Professor Hijazi encourages students from diverse backgrounds to share their perspectives, develop their voices and engage meaningfully with both global and local communities.

Brad Marshall

Teaching Professor of French

Brad Marshall, who joined GW in 2007, has over 40 years of experience in teaching, translating and pursuing research in French, Italian and English as a Foreign Language in both Europe and the United States. His academic interests include teaching methodologies, cross-cultural competency, media discourse analysis and the integration of multimedia technologies in language instruction.

THE COLUMBIAN PRIZE FOR TEACHING AND MENTORING ADVANCED UNDERGRADUATE STUDENTS

Eric Grynaviski

Associate Professor of Political Science and International Affairs

Eric Grynaviski, joined the CCAS faculty in 2010. Part of the Politics and Values Living and Learning Program, he teaches advanced undergraduate classes in political science on anxiety and politics, and on the interplay between fantasy novels and politics across the twentieth century. Professor Grynaviski's students have produced award winning work and presented their research in major academic conferences as well as on campus.

Joel Lewis

Associate Professor of Mathematics

Joel Lewis joined the CCAS faculty in 2017. He teaches a range of courses, from calculus 1 to advanced graduate mathematics courses. Professor Lewis especially enjoys sharing the awesomeness of linear algebra with his students and mentoring undergraduate research at the intersection of combinatorics, geometry and abstract algebra.

EMERITUS FACULTY 2025

The faculty code provides that a member of the faculty with long and distinguished service to the university may, upon retirement, be awarded emeritus status. While these words convey both the criteria and process for awarding this academic rank, they fail to connect fully with the countless students whose lives have been enriched by these colleagues, the contributions each has made to the discipline, or the service each has rendered to this college.

The celebration program is meant to be a guide to the ceremony. Although every effort has been made to ensure its accuracy, the program is not an official record of an individual's degree status. The Office of the Registrar of the university maintains the official list of all graduates.

Elizabeth Craig, MPA '83

Dear Graduate:

On behalf of the Columbian College National Council for the Arts and Sciences, I offer my congratulations on your significant achievement and welcome you to the George Washington University alumni community. Do not underestimate your accomplishment and the opportunities that await you!

You are now a member of a select group of individuals, bonded by a college with which you will be proudly associated. As an alumna of this historic institution, I fully appreciate the excitement of this very special moment in your life and remember that feeling well. I encourage you to remain involved and, more importantly, engaged with the university as you enter the next phase of your life. Your opportunities to make a difference are endless—from mentoring a student, to becoming an active member of the GW Alumni Association organizing regional and local alumni events, offering services as a career advisor or being a guest lecturer, and providing philanthropic support. Each of these types of engagement offers wonderful opportunities to continue showing support and your pride in the university. And, of course, passing on that GW spirit!

My work as a volunteer on the National Council—which is comprised of alumni, parents and friends who advise the dean of the Columbian College—has been an incredibly rewarding experience for me. I hope you find similar avenues of engagement and opportunities to advance GW's promise and potential.

Finally, it is not lost on anyone that your time here has required significant personal dedication and financial commitment. We are grateful for your investment and hopeful that your degree will lay the groundwork for future success in whatever career you choose.

Again, congratulations! It is both an honor and a pleasure to welcome you as a graduate of the Columbian College of Arts and Sciences, and I hope to see you at a GW event soon.

Raise High!

A handwritten signature in blue ink that reads "Elizabeth Craig". The script is elegant and cursive, with the first letters of the first and last names being capitalized and prominent.
